Educational Resources for Foster Youth: ACIN I-15-19 (March 26, 2019)

ACIN Number I-15-19 was released March 26, 2019. The purpose of this All County Information Notice (ACIN) is to provide information about the conclusion of the CCR Education Sub-Workgroup, a workgroup that informed the production of several education-related resources for youth in foster care as well as the various professionals and adults who serve them. These resources include the following: a new CDSS foster youth education webpage, education resource cards, a protocol document, a table containing the contact information for the leads on several education-related topics which were of discussion during meetings of the CCR Education Sub-Workgroup, and the Education Travel Reimbursement Informational Brochure for Caregivers.

Below are some highlights from the ACIN.

The California Foster Youth Education Resource Hub Webpage

During discussions at a CCR Education Sub-Workgroup meeting, it was determined that foster youth, and the various professionals and adults who serve them, needed an online place to easily find resources and information pertaining to education issues of children and youth served by the child welfare system. A small group of interested stakeholders met several times to gather the resources and information that are now included on the webpage. This webpage, entitled the California Foster Youth Education Resource Hub, may be accessed using the following address: <http://www.cdss.ca.gov/inforesources/California-Foster-Youth-Education-Resource-Hub>.

The California Foster Youth Education Resource Hub (also referred to as the Hub), is intended to serve current and former foster youth, their caregivers, state and local child welfare agencies, state and local education agencies, as well as other partners who work with foster and probation youth in assisting them with their education related needs.

The Hub consists of a home page, side bar, and five sub-pages: School Readiness - Birth to Age 5, School Success

K-12, College and Career Success, Youth Page, and Data and Information Sharing.

Foster Youth Education Resource Cards

Education resource cards have been developed and printed by CDSS after consulting with a group of current and former foster youth about the design and content of the cards. The cards were developed in order to promote the Hub webpage, as well as to replace the prior system of mailing printed educational resources and information to foster youth, ages 16 and older.

Education Topics Moving Forward

Prior to the conclusion of the CCR Education Sub-Workgroup in January of 2018, the CDSS developed a document entitled, *Education Topics Moving Forward*, which is available on the School Success K-12 page of the Hub webpage. This document outlines where an interested stakeholder may direct their inquiries related to certain education issues which were of concern to members of the CCR Education Sub-workgroup. The *Education Topics Moving Forward* document may be used as a resource if questions or concerns arise relating to education topics. Among the responsible agencies or groups listed in the document, the State and County Agency Forum is a forthcoming workgroup which will include representatives from county offices of education, county child welfare agencies, and county juvenile probation agencies.

Education Travel Reimbursement

As detailed in All County Letter 11-51, Public Law (PL) 110-351 amended Title IV-E of the Social Security Act to require that a case plan include a plan for ensuring the educational stability of the child while in foster care. PL 110-351 also provides for the cost of reasonable travel for the child to their school of origin as an allowable

foster care maintenance cost. In order to promote the use of the Education Travel Reimbursement program, the CDSS created the *Education Travel Reimbursement Informational Brochure for Caregivers* which is available to be viewed and printed on the School Success K-12 page of the Hub webpage.

You can find the ACIN at: http://www.cdss.ca.gov/Portals/9/ACIN/2019/I-15_19_ES.pdf.

Raffle Baskets for Conference

Each year, raffle baskets are on display for silent auctioning at the annual conference. Each CSFPA chapter is asked to donate a basket for the silent auction. The proceeds of the raffle are used for the CSFPA Scholarship Fund which awards scholarships to youth annually. If you have items you'd like to donate to the silent auction, and are unable to attend the conference, please contact Patricia Negus at Pat-Negus@msn.com.. This is one of the fun events of our conference. There are typically some great auction items!

During National Foster Care Month, we renew our commitment to ensuring a bright future for the more than 430,000¹ children and youth in foster care, and we celebrate all those who make a meaningful difference in their lives. Legislative & Policy Update: May Budget Revise

Supports Children in Foster Care *Alliance for Children's Rights*

The 2019-20 May Revision to the Governor's Budget was released on May 9. The revised budget includes several proposals brought forward by child welfare advocates pertaining to foster care:

- a one-time increase of \$14.4 million to support county efforts in eliminating the backlog of resource family applications that are pending review and approval;
- a one-time increase of \$21.6 million for activities and services to retain, recruit, and support foster parents, relative caregivers, and resource families;
- an increase of \$21.7 million in FY 2019-20 to provide emergency caregivers with up to four months of emergency assistance payments pending resource family approval (RFA). Beginning FY 2020-21 and beyond, the state will only provide emergency caregivers with up to three months of emergency assistance payments pending resource family approval, and an ongoing increase of \$34

million to support court-appointed dependency counsel representing children and parents in dependency proceedings.

The Alliance, working with partner organizations, is continuing to advocate to ensure that there is an exception to continue funding past 120 days, pending RFA, if the county local agency shows good cause. It is currently taking an average of 180 days to complete RFA. Therefore, it is critical that good cause exceptions are permitted beyond 180 days to ensure that no family is cut off from critical funding when the delay on completing RFA is beyond their control.

The revised budget also includes \$98 million to expand full-scope Medi-Cal for undocumented young adults aged 19 through 25 regardless of immigration status. It is estimated that the expansion will provide full-scope coverage to approximately 90,000 undocumented young adults in the first year.
